Note from Ventura Sheriff's Department

The increased speed provided by E-bikes and electric scooters requires increased care in their use. Traffic rules must be followed, and helmets must be worn at all times. Each type of the above-listed vehicle has specific rules for its use and operation. The Ventura County Sheriff's Office has prepared two informational flyers outlining these rules.

The Ventura County Sheriff's Office and the above-listed contract cities are collaborating with local schools, Community Resource Units, and School Resource Deputies to provide in-person education on the rules, regulations, and safe use of E-bikes, bicycles, and electric scooters in our communities.

Electric off-road motorcycles made by Sur-Ron, Talaria, Segway, and many other manufacturers are prohibited on public roads, sidewalks, or parks. These are off-road-only vehicles and are subject to impoundment if they are operated on public roads, sidewalks, or parks. The rider can be subject to citation and/or arrest. The Ventura County Sheriff's Office will focus on education, but will also consider enforcement of violations associated with electric motorcycles and their unlawful operation.

The goal is to reduce traffic collisions, ensure safe operation, and prevent injuries, protecting the youth in our communities.

JULY 4TH FIREWORKS

LET THE PROS PUT ON THE SHOW!

The Ventura County Fire Department reminds you that the safe – and legal – way to enjoy fireworks this July 4th is at a professional public display. All fireworks are **ILLEGAL** in the City of Simi Valley. If you see something say something. Please call the Simi Valley Police Department to report **ANY** fireworks activity.

**Report pre-planned unlawful fireworks to
805-583-6917.**

**Report in-progress fireworks violations to
805-583-6950.**

Law enforcement personnel will be out in force patrolling the city to prevent the use of fireworks. Anyone found in possession of fireworks or caught using them could be fined up to \$1,000.

With this year's extremely dry conditions, we all need to do our part to make this July 4th a safe and enjoyable holiday for everyone.

HOLIDAY SCHEDULE
